WORKS UPDATE

PUTNEY EMBANKMENT FORESHORE VARIATION OF WORKING HOURS

As you may be aware works on the foreshore can only be undertaken at low tide due to tidal restraints.

Due to these tidal restraints, we are extending the working hours on the foreshore as provided for in our code of construction practice.

From week commencing 23 January - 24 March 2017, we are extending working hours either in the morning by up to half an hour and by up to one hour in the evening or on Saturday afternoon.

Extending the working times may enable us to complete the slipway ahead of schedule and will also reduce the risk of having an impact on the Boat Race.

The extended hours will be used for the loading and unloading of barges and not for any significant intrusive works for example concrete breaking.

We have worked closely with London Borough of Wandsworth and together have agreed under a section 61 consent to extend the working hours to facilitate foreshore works at low tide. (See times highlighted in the table overleaf).

Our normal working hours remain 08.00-18.00 Monday to Friday and 08.00 -13.00 Saturday. In addition, barges to service the construction will be moored at the temporary slipway site sometimes out of hours on high tides as required.

Sign up to receive updates by email

If you would like further information on the works at this site, including updates by email, please call our 24 hour helpdesk on 08000 30 80 80 or contact us at getinvolved@tideway.london.
