

Game Title: Shape Picture

How to play: Cut out the shapes and place them onto a flat surface. See if you can name each of the shapes. Trace around each of the shapes onto a piece of paper. Add some features to create each of your shapes into a funny creature. For example hair, legs, arms, eyes, a tail.

Resources included: 1 set of shapes templates to cut out, 1 instruction card.

Resources needed from home: scissors.

Key skills involved in this game: begins to use mathematical names and terms for flat 2D shapes and solid 3D shapes.

Vocabulary/key questions to ask: shape, circle, rectangle, square, triangle, cube, sphere, cone, cuboid.

Extra for experts: See if you can find any items around your house that are circle, triangle, square, rectangle, sphere, cone, cube, cuboid.

We hope you enjoy playing the game with your child.
