

## Home Learning in Year 5

We aim for home learning to be an enjoyable, rather than a stressful experience. Children should be settling increasingly independently to their home learning, asking adults to support them with any learning they are unsure about and to check completed work.

- Home learning is given out on a *Friday*, and collected on a *Thursday*;
- Pupils are encouraged to hand in their work as soon as it is complete as this aids the marking process for us;
- For some of the activities, the children will be given two weeks to complete their work;
- In the autumn term, children will have mental maths work plus one further activity which could be from any area of the curriculum;
- Home learning should take about 60 – 90 minutes. If they are finding the work difficult (and you are unable to support or if it is creating problems) please encourage them to ask for our support at school and drop us a quick email to let us know.

## Spelling

Children test each other on a *Monday* and require their spelling folder in school to be able to do this. Children are given new spellings on a *Tuesday*. Often children's spellings will be taken from errors they are making in their own writing. We focus on the Year 5 spelling patterns (as prescribed in the National Curriculum) as well as the statutory lists of key words.

## Reading Journals

Although we expect children to be reading every day, we ask children to record what they have been reading at home *five times a week plus an extended entry* in their reading journal. The more you are able to read with your child, the greater the benefit will be. More details about the use of reading journals are in the journals themselves. We ask children to have their reading journal and reading book with them *every day*. Children have been given set days to hand in their journal. For books recommendations, have a look at: <https://schoolreadinglist.co.uk/> as well as the pdf attachment and Barnes booklists on the school website (<https://barnesprimaryschool.co.uk/wp-content/uploads/2020/04/28reading-list-1-1.pdf>).

## Times tables

Having instant recall of all multiplication and division facts is essential for children to develop as successful mathematicians in Upper Key Stage 2. If your child does not yet have instant recall up to 12 x 12, they will be given a times table book to work in as part of their Friday home learning to encourage rapid progress. Every Friday, children have the opportunity to practise rapid recall in a sixty question test.

**Year 6/Year 7**

Richard Adams	Watership Down
John Barrowman	Hollow Earth
Kevin Crossley-Holland	Arthur: The Seeing Stone
Damian Dibben	The History Keepers
Roddy Doyle	Wilderness
Eoin Colfer	Airman
S D Crockett	After the Snow
