

## Year 4 three day guidance on learning at home

### Day 1

#### Reading – 30 minutes

Read for at least thirty minutes from a range of fiction, non-fiction and poetry. Read with an adult if you are able to.

#### Writing – 30 minutes

Choose to write a letter, diary entry, or summary based on your reading. Aim to write at least ten sentences. Think of the following as you write:

- A range of sentence starters
- Ambitious vocabulary
- An eye-catching opening sentence
- An appropriate closing sentence
- Correct use of capital letters and full stops

#### Grammar Punctuation and Spelling – 30 minutes

Work in your GPS book. Work from the front of your book and complete any pages which you have not yet covered. You will probably be able to complete about two or three pages on 30 minutes.

#### Mathematics – 45 minutes

Complete sheet 1 of your maths pack. Ask an adult or older sibling to check your answers for you. Please also complete 15 minutes of Times Tables Rock Stars.

#### Science – 60 minutes

Review your understanding of our *Electricity* topic by reading through the knowledge map. Create a quiz with at least ten questions. You could do multiple choice

questions, true or false questions, picture questions or questions where a full answer is required

Extra for experts:

Have a look at the Marvin and Milo experiments on [spark.iop.org](http://spark.iop.org) and the ideas on <https://www.rigb.org/families/experimental> for fun experiments.

## Physical Education (PE) – 60 minutes

Design your own Joe Wicks style HIIT workout and have a go at doing it. Aim for 10 different exercises. Try to keep track of how many you did of each exercise as tomorrow, you'll repeat the routine and try and beat your score. Here is a link to an episode of PE with Joe. You can do something similar or choose all new exercises.
