

PLANTING SUNFLOWERS

With The Eco Team

MEETING SHARON MORGAN

Sharon works for The Friends of Barnes Common.

Miss Burr and The Eco Team having an introduction to what she gets up to at Vine Park.

LEARNING ABOUT COMPOST

The process involves decomposition of organic material into a humus-like material, known as **compost**, which is a good fertilizer for plants.

SIEVING THE SOIL

PREPARING THE POTS

SOWING THE SEEDS

**BEDDING
THE
SEEDS
INTO
THEIR
POTS**

COLLECTING THE WATER

Making sure
the seeds get
a nice big
drink

WE EVEN GOT TO SEE THE WORMERY

GREAT JOB ECO TEAM
